

CARYA – Business Consultant - Finance

General competencies

- You hold a bachelor's or master's degree in a financial, economic, or accounting field.
- You speak fluent Dutch and French. Knowledge of English is a plus.
- You are communicative, customer-oriented, and able to explain financial concepts clearly.
- You enjoy working in a team but can also take initiative and work independently.
- You are eager to learn, flexible, and positive – with a good sense of humor.
- You have a valid driver's license (B) and are willing to travel within Belgium and Luxembourg.
- You have an interest in the automotive sector and ERP systems.

Specific competencies

- You have a solid foundation in accounting and financial processes.
- You have some experience with or a strong interest in ERP systems like Navision, Microsoft Dynamics NAV, incadea.dms or similar.
- You can analyze technical or procedural questions and know when to solve them yourself or escalate.
- You remain calm under pressure and can manage multiple requests efficiently.
- You are open to learning more about our tools and services and welcome coaching and training.

As a Business Consultant Finance, you will be part of a self-steering team within the DMS business unit. You'll support automotive clients in managing their financial processes within our ERP solutions.

You are the first point of contact for your customer base regarding financial questions. You analyze accounting challenges, provide solutions, and collaborate with other experts like analysts or developers when needed.

You'll handle issues professionally and ensure proper follow-up. Internally, you serve as a key link between the customer and your team, sharing insights to improve services. This is a hybrid role, but you should be willing to occasionally visit clients in Belgium and Luxembourg.

At CARYA, you can kick-start your career in a dynamic and innovative environment. We offer:

- A diverse and impactful starter position with client interaction.
- A strong onboarding process with support from experienced colleagues.
- Growth opportunities with access to training and development.
- An open company culture focused on trust, autonomy, and teamwork.
- A competitive salary with extra-legal benefits.
- A role within an international company active in 4 countries, known for its expertise in automotive, IT, and digital services.

- And last but not least: a team where you'll feel right at home. We take our work seriously – and also our fun.
